Your Relocation is Personal to Us.

The Westchester Relocation Team was created to serve the unique needs of our relocating clients. Each member of the team has lived through the relocation process and has a passion for working with individuals and families walking the same path. This unique combination of both personal and professional experience gives us the expertise to effectively bridge expectations for our clients and their companies.

Our team works on all aspects of your relocation by giving you what you need: a go-to person to coordinate all facets of this exciting journey. We are here to answer questions prior to your arrival, guide you step-by-step through this experience, and liaise with Human Resources Departments and Relocation Companies. We offer personal, customized service to each party, understanding leases, clauses for expats, diplomats, companies signing a lease, purchasing, selling and all related matters. For our HR professionals, we offer comparative analysis and professional insight reports of the market and life costs/expenses.

We offer clients a one-stop-shop for all their needs. We'll use our expertise and market knowledge to find the best home for you and your family. From commuter info to children's activities, banks to medical services, we'll be there to guide you through every detail in settling into your new community.

We are fluent in six languages: French, German, Mandarin, Spanish, Dutch and English. We are active members of the local and international community. Our children attend both public and private international schools in the area. As our client, you'll have access to the collective knowledge of our entire team.
